XHULIO VEIZAJ

Skills

Python • Pandas • Flask • PostgreSQL • Git • Linux • HTML • CSS • JavaScript • Amazon QuickSight • BeautifulSoup

About Me

I am a junior data engineer passionate about new technologies. Whether it's analysing data, implementing web applications, or managing servers, I am always open to learning something new. I have worked in several IT fields, studying software engineering and working in both marketing and fintech industries. I am always looking for ways to improve and explore new fields, such as AI, cybersecurity, and DevOps.
